

## **ALG India Law Offices LLP**

### **Recruiter's Description:**

- ALG is a dynamic mid-sized intellectual property law firm, and they pride themselves on their skilled and experienced professionals who enable them to provide sophisticated and personalized legal services in a timely and effective manner. As a firm, they have an international outlook, and strive to be the go-to firm in India for clients who seek quality legal advice and responsive and personalized service.
- They are a WTR 1000 intellectual property law firm with offices in Delhi and Hyderabad, and a pan India presence through their attorneys based in diverse locations. The firm's virtual office infrastructure enables all firm attorneys, and likewise interns, to work in an online format but with access to their physical offices for client meetings and other such needs. More information about their law firm can be found at <https://www.algindia.com>.
- The firm and their internship program are amongst the top rated internationally. This reputation derives in the main from the calibre of their attorneys. ALG strives for diversity, inclusion and equal opportunity in the work place.

### **Application Procedure:**

- All information about their internship program is available at the given portal where the webform application can also be accessed.  
Portal Link: <https://www.algindia.com/careers/>
- Internship applications are strictly accepted through this portal only. You may apply for any month subject to the availability of slots.

### **Candidate Requirements:**

- Internships are for full time students to intern with the law practice of the firm. Candidate needs to be a full-time student during the entire period of his/her internship.
- Candidates may seek internship with the firm's law practice if he/she is a student currently in a full-time educational program and if he/she is either enrolled with or eligible to enroll with or expect within the next 24 months to acquire eligibility to enroll with the Bar Council of a state in India to practice as an advocate.

**Duration:**

- Internships are for one month, and run from month to month through the year.

**Please Note:**

- While applying for an internship, candidates should apply either for the Position of an Intern (**General IP**) **OR** for the Position of an Intern (**Patents**). Candidates will need to select one and only one of these two types of internship applications.
- Patent Internships are open to law students eligible and intending to appear for the national patent agent examination and General IP Internships open to all other eligible law students.
- These internships are not paid internships.
- However, all their internships are assessment internships. At the end of a pre-final year internship, a student may qualify for receiving a recommendation to apply for a follow-on final year internship with stipend (which is currently INR 15,000/- for the month).
- While all other internships are unpaid, at the end of a final year internship a student may qualify for receiving a recommendation to apply for placement in a specified attorney position to practice law under a financial arrangement that includes a base practice retainer of at least INR 40,000/- per month.
